| <b>VISUAL ARTS (ART12)</b>                  | <p>1x A4 Visual Art Journal</p> <p><b>BYOD is highly recommended for this subject</b></p>  |
| <b>VISUAL ARTS IN PRACTICE (VAP12)</b>      | <p>1 x A4 Visual Art Journal</p>   |

## BYOD

All students attending Gladstone SHS in 2022, are encouraged to bring a device to school. The device will be used to enhance curriculum delivery, to enable online research and for work production, creation and submission. Connection to the internet will be provided via the school network. As a school, we are transitioning towards a single device in 2022, where Year 7 students enrolling in 2022 will be required to bring an iPad. As such, we would encourage families to consider an iPad when/if they intend on purchasing a device for 2022 (Students currently enrolled with a windows/Mac device will be able to continue using their device in 2022).

For more information about BYOD and supported devices, please refer to the 2022 BYOD Charter on our website. To participate in the program, students must return a completed and signed copy of the BYOD Participation Agreement.

If your child is currently enrolled in the 2021 BYOD Program, you will be required to return a signed copy of the BYOD Participation Agreement for 2022, as there have been changes to the program's operation.

If you have any questions that cannot be answered by the FAQ's in the 2022 BYOD Charter please, email [2030\\_TechSupport@eg.edu.au](mailto:2030_TechSupport@eg.edu.au).

### Graphics calculator list

Calculators used by students in a summative external assessment must be handheld and solar or battery powered. To the right is a list of calculators approved for use in General Senior Syllabus summative external assessments that permit the use of a graphics calculator. For subject-specific information, refer to the relevant senior syllabus and the external assessment equipment list.

Please refer to the QCAA Website for any updates <https://www.qcaa.qld.edu.au>
