**BYOD**

All students attending Gladstone SHS, are encouraged to bring a device to school. The device will be used to enhance curriculum delivery, to enable online research and for work production, creation and submission. Connection to the internet will be provided via the school network.

As a school, we transitioned to a single device in 2022, where new students enrolling will be required to bring an iPad. As such, we would encourage families to consider an iPad when/if they intend on purchasing a device.

For more information about BYOD and supported devices, please refer to the BYOD Charter on our website. To participate in the program, students must return a completed and signed copy of the BYOD Participation Agreement.

If you have any questions that cannot be answered by the FAQ's in the BYOD Charter, please email [2030\\_TechSupport@eq.edu.au](mailto:2030_TechSupport@eq.edu.au).
