## **BYOX**

Students attending Gladstone SHS in 2021, are encouraged to bring a device to school. The device will be used to enhance curriculum delivery, to enable online research and for work production, creation and submission. Connection to the internet will be provided via the school network. As a school, we are transitioning towards a single device in 2022, where Year 7 students enrolling in 2022 will be required to bring an iPad. As such, we would encourage families to consider this when/if they intend on purchasing a device for 2021.

For more information about BYOX and supported devices, please refer to the 2021 BYOX Charter on our website. To participate in the program, students must return a completed and signed copy of the BYOX Participation Agreement.

If your child is currently enrolled in the 2020 BYOX Program, you will be required to return a signed copy of the BYOX Participation Agreement for 2021, as there have been changes to the program's operation.

If you have any questions that cannot be answered by the FAQ's in the 2021 BYOX Charter please, email [2030\\_TechSupport@eq.edu.au](mailto:2030_TechSupport@eq.edu.au).
